**Version:** 2024-04-23

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.

#	Paper	IF	Citations
5	Effect of tadalafil on blood flow, pain, and function in chronic cold complex regional pain syndrome: a randomized controlled trial. <i>BMC Musculoskeletal Disorders</i> , <b>2008</b> , 9, 143	2.8	34
4	Validation of near-infrared laser speckle imaging for assessing microvascular (re)perfusion. <i>Microvascular Research</i> , <b>2010</b> , 79, 139-43	3.7	39
3	Blood velocity pulse quantification in the human conjunctival pre-capillary arterioles. <i>Microvascular Research</i> , <b>2010</b> , 80, 202-8	3.7	53
2	Prophylactic effect of tadalafil on bladder function in a rat model of chronic bladder ischemia. <i>Journal of Urology</i> , <b>2013</b> , 189, 754-61	2.5	50
1	Phosphodiesterase type 5 inhibitors improve endothelial function and may benefit cardiovascular conditions. <i>American Journal of Medicine</i> , <b>2013</b> , 126, 192-9	2.4	25
