Version: 2024-04-28

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.

#	Paper	IF	Citations
450	Medical decision-making capacity in mild cognitive impairment: a 3-year longitudinal study. 2008 , 71, 1474-80		83
449	Executive dysfunction correlates with impaired functional status in older adults with varying degrees of cognitive impairment. 2008 , 20, 1104-15		119
448	Serum Abeta levels as predictors of conversion to mild cognitive impairment/Alzheimer disease in an ADAPT subcohort. 2009 , 15, 432-7		14
447	Prospective and Retrospective Memory Complaints in Mild Cognitive Impairment and Mild Alzheimer's Disease. 2009 , 10, 59-75		19
446	Modifiable Midlife Risk Factors for Late-Life Cognitive Impairment and Dementia. 2009 , 5, 73-92		82
445	Differential memory test sensitivity for diagnosing amnesic mild cognitive impairment and predicting conversion to Alzheimer's disease. 2009 , 16, 357-76		155
444	Computerized cognitive assessment of mild cognitive impairment in urban African Americans. 2009 , 24, 396-403		7
443	Episodic simulation of future events is impaired in mild Alzheimer's disease. 2009 , 47, 2660-71		216
442	Working criteria and neuropsychiatric symptoms for mild cognitive impairment in Asian communities. 2009 , 1, 28-29		
441	Circulating free nitrotyrosine and cognitive decline. 2010 , 122, 175-81		1
440	Proteomics-determined differences in the concanavalin-A-fractionated proteome of hippocampus and inferior parietal lobule in subjects with Alzheimer's disease and mild cognitive impairment: implications for progression of AD. 2009 , 8, 471-82		85
439	Abnormal white matter independent of hippocampal atrophy in amnesic type mild cognitive impairment. 2009 , 462, 147-51		15
438	Hippocampal dysfunction in amnesic-type mild cognitive impairment: implications for predicting Alzheimer's risk. 2009 , 4, 649-662		4
437	Lying obliquely--a clinical sign of cognitive impairment: cross sectional observational study. 2009 , 339, b5273		2
436	Markers of Alzheimer's disease in a population attending a memory clinic. 2009 , 5, 307-17		49
435	Everyday technologies for Alzheimer's disease care: Research findings, directions, and challenges. 2009 , 5, 479-88		36
434	Changing perspectives regarding late-life dementia. 2009 , 5, 649-58		218

433	Measuring change in everyday cognition: development and initial validation of the cognitive change checklist (3CL). 2009 , 17, 516-25		14
432	Neuropathology and cognitive impairment in Alzheimer disease: a complex but coherent relationship. 2009 , 68, 1-14		388
431	MCI and dementia: diagnosis and treatment. 2010 , 23, 18, 21-2		2
430	Is the Clock Drawing Test a screening tool for the diagnosis of mild cognitive impairment? A systematic review. 2010 , 22, 56-63		55
429	Are subjective cognitive complaints a risk factor for dementia?. 2010 , 31, 327-36		51
428	Do general practitioners recognize mild cognitive impairment in their patients?. 2010 , 14, 697-702		29
427	Episodic future thinking in amnesic mild cognitive impairment. 2010 , 48, 2091-7		72
426	A changing landscape for advance directives in dementia research. 2010 , 70, 623-30		34
425	The cognitive change checklist (3CL): cross-validation of a measure of change in everyday cognition. 2010 , 25, 266-74		9
424	Construction of a (18)F-FDG PET normative database of Japanese healthy elderly subjects and its application to demented and mild cognitive impairment patients. 2010 , 25, 352-61		32
423	Identifying functional impairment with scores from the repeatable battery for the assessment of neuropsychological status (RBANS). 2010 , 25, 525-30		33
422	Comparing 3 T and 1.5 T MRI for tracking Alzheimer's disease progression with tensor-based morphometry. 2010 , 31, 499-514		60
421	Modeling and Estimating Recall Processing Capacity: Sensitivity and Diagnostic Utility in Application to Mild Cognitive Impairment. 2010 , 54, 73-89		26
420	Detection of early amnesic mild cognitive impairment without significantly objective memory impairment: a case-controlled study. <i>Psychogeriatrics</i> , 2010 , 10, 62-8	1.8	9
419	Diffuse occipital hypometabolism on [18 F]-FDG PET scans in patients with idiopathic REM sleep behavior disorder: prodromal dementia with Lewy bodies?. <i>Psychogeriatrics</i> , 2010 , 10, 144-52	1.8	38
418	New developments in the diagnosis of dementia. 2010 , 107, 677-83		30
417	cNEUPRO: Novel Biomarkers for Neurodegenerative Diseases. 2010 , 2010,		14
416	Biopsy Pathology of Neurodegenerative Disorders in Adults. 2010 , 551-571
