

CITATION REPORT

List of articles citing

Cholinergic neuronal and axonal abnormalities are present early in aging and in Alzheimer disease

DOI: 10.1097/nen.0b013e31816a1df3
Journal of Neuropathology and Experimental Neurology, 2008, 67, 309-18.

Source: <https://exaly.com/paper-pdf/44965882/citation-report.pdf>

Version: 2024-04-28

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.
