

CITATION REPORT

List of articles citing

The impact of pain on quality of life and the unmet needs of pain management: results from pain sufferers and physicians participating in an Internet survey

DOI: 10.1097/mjt.ob013e31818164f2

American Journal of Therapeutics, 2008, 15, 312-20.

Version: 2024-04-25

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.
