## CITATION REPORT List of articles citing

Long-term benefits of testosterone replacement therapy on angina threshold and atheroma in men

DOI: 10.1530/eje-09-0092 European Journal of Endocrinology, 2009, 161, 443-9.

Source: https://exaly.com/paper-pdf/45807932/citation-report.pdf

Version: 2024-04-28

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.
