

# CITATION REPORT

List of articles citing

Health effects of trans-fatty acids: experimental and observational evidence

DOI: 10.1038/sj.ejcn.1602973

European Journal of Clinical Nutrition, 2009, 63 Suppl 2, S5-21.

**Source:** <https://exaly.com/paper-pdf/46323909/citation-report.pdf>

**Version:** 2024-04-26

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.
