Version: 2024-04-23

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.

#	Paper	IF	Citations
1282	Occurrence and persistence of erythromycin resistance genes (erm) and tetracycline resistance genes (tet) in waste treatment systems on swine farms. 2010 , 60, 479-86		68
1281	Factors influencing antibiotic resistance burden in municipal wastewater treatment plants. 2010 , 87, 1157-66		130
1280	Amoxicillin degradation at ppb levels by Fenton's oxidation using design of experiments. 2010 , 408, 6272-80		91
1279	Adsorption of diclofenac sodium from aqueous solution using polyaniline as a potential sorbent. I. Kinetic studies. 2010 , 117, n/a-n/a		5
1278	Sources, interactions, and ecological impacts of organic contaminants in water, soil, and sediment: an introduction to the special series. 2010 , 39, 1133-8		14
1277	Prudent use of antimicrobial agents: not just for humans. 2010 , 28, 669-71		4
1276	Abundance and diversity of tetracycline resistance genes in soils adjacent to representative swine feedlots in China. 2010 , 44, 6933-9		264
1275	Distribution pattern, behavior, and fate of antibacterials in urban aquatic environments in South China. 2011 , 13, 446-54		57
1274	Occurrence of antibiotic resistance and characterization of resistance genes and integrons in Enterobacteriaceae isolated from integrated fish farms in South China. 2011 , 13, 3229-36		66
1273	Antibiotic Resistance in Waste Water and Surface Water and Human Health Implications. 2011 , 173-212		5
1272	Pilot study of antimicrobial-resistant Escherichia coli in herring gulls (Larus argentatus) and wastewater in the northeastern United States. 2011 , 42, 160-3		18
1271	Development and validation of a methodology to qualitatively screening veterinary drugs in porcine muscle via an innovative extraction/clean-up procedure and LC-MS/MS analysis. 2011 , 28, 1667-76		5
1270	Antimicrobial resistance of Aeromonas spp. isolated from the growth pond to the commercial product in a rainbow trout farm following a flumequine treatment. 2011 , 315, 236-241		26
1269	Multiresidue determination of antibiotics in feed and fish samples for food safety evaluation. Comparison of immunoassay vs LC-MS-MS. 2011 , 22, 993-999		69
1268	An ecological perspective on U.S. industrial poultry production: the role of anthropogenic ecosystems on the emergence of drug-resistant bacteria from agricultural environments. 2011 , 14, 244-50		37
1267	Antimicrobial resistance of heterotrophic bacteria in sewage-contaminated rivers. 2011 , 45, 788-96		52
1266	Antibiotic and metal resistance among hospital and outdoor strains of Pseudomonas aeruginosa. 2011 , 162, 689-700		53

1265	Performance of rattle-type magnetic mesoporous silica spheres in the adsorption of single and binary antibiotics. 2011 , 174, 221-230	44
1264	Novel Strategy for Synthesis of ZnO Microparticles Loaded Cotton Fabrics and Investigation of their Antibacterial Properties. 2011 , 6, 155892501100600	4
1263	Ecological and temporal constraints in the evolution of bacterial genomes. 2011 , 2, 804-28	15
1262	Functional metagenomics reveals previously unrecognized diversity of antibiotic resistance genes in gulls. 2011 , 2, 238	39
