

CITATION REPORT

List of articles citing

The Effect of Retarded Growth Upon the Length of Life Span and Upon the Ultimate Body Size

DOI: 10.1093/jn/10.1.63
Journal of Nutrition, 1935, 10, 63-79.

Version: 2024-04-28

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.

#	Paper	IF	Citations
1354	A study of longevity, growth, reproduction and heart rate in <i>Daphnia longispina</i> as influenced by limitations in quantity of food. 1937 , 76, 325-352		124
1353	Recovery of rats upon refeeding after prolonged suppression of growth by underfeeding. 1937 , 68, 371-381		30
1352	Advanced age in Relation to Dental Caries in White Rats. 1939 , 26, 1700-1703		2
1351	Retarded Growth, Life Span, Ultimate Body Size and Age Changes in the Albino Rat after Feeding Diets Restricted in Calories. <i>Journal of Nutrition</i> , 1939 , 18, 1-13	4.1	217
1350	Growth rate and carcass quality in bacon pigs: A study of polynomial coefficients fitted to growth rate data. 1940 , 30, 582-597		4
1349	Growth and development in the pig, with special reference to carcass quality characters: Part IV. The use of sample joints and of carcass measurements as indices of the composition of the bacon pig: Part V. The bearing of the main principles emerging upon the many problems of animal production and human development. 1941 , 31, 1-49		88
1348	Some effects of hydrogen ion concentration, total salt concentration, calcium and citrate on longevity and fecundity of the rotifer. 1942 , 91, 195-211		33
1347	Dental care for children in relation to geriatrics. 1947 , 34, 595-604		1
1346	Ber die optimale Zusammensetzung der Nahrung. 1947 , 3, 267-271		1
1345	Diet and Aging. 1949 , 147-170		5
1344	Studies on monozygous cattle twins. 1953 , 3, 61-95		33
1343	The relationship between calcium retention and body stores of calcium in the rat: effect of age and of vitamin D. 1953 , 7, 147-59		61
1342	Nutrition in relation to cancer. 1953 , 1, 451-501		224
1341	The influence of dietary fat and carbohydrate on growth and longevity in rats. <i>Journal of Nutrition</i> , 1953 , 51, 329-39	4.1	27
1340	Studies on Monozygous Cattle Twins. 1954 , 4, 97-208		6
1339	Influence of sex chromosomes and castration upon lifespan: studies of meal moths, a species in which sex chromosomes are homogeneous in males and heterogeneous in females. 1955 , 121, 565-77		2
1338	The biological value of oils and fats. III. The longevity of rats fed rapeseed oil- or butterfat-containing diets. <i>Journal of Nutrition</i> , 1955 , 57, 17-27	4.1	21

1337	The assessment of the diets of laboratory animals. 1957 , 16, 66-70		
1336	Nationwide Research in Cattle Reproduction. A Review. 1958 , 41, 863-870		4
1335	A common molecular basis for the aging syndrome. 1958 , 8, 740-8		42
1334	Nutritional and Endocrine Influences on the Synthesis of Albuminoid in Rat Lenses*. 1959 , 48, 500-507		3
1333	Some genetic implications of maternal effects—hypothesis of mammalian growth. 1960 , 54, 378-390		42
1332	Severe undernutrition in growing and adult animals: 1. Production and general effects. 1960 , 14, 59-73		94
1331	Nutrition and longevity in the rat. I. Food intake in relation to size, health and fertility. <i>Journal of Nutrition</i> , 1960 , 71, 242-54	4.1	73
1330	Effect of Total Digestible Nutrient Intake from Birth to Four Years of Age on Growth and Reproductive Development and Performance of Dairy Bulls. 1961 , 44, 905-914		25
1329	Effect of Hypocaloric Feeding on Gross Body Composition. <i>Journal of Nutrition</i> , 1961 , 75, 247-249	4.1	1
1328	Severe undernutrition in growing and adult animals. 6. Changes in the long bones during the rehabilitation of cockerels. 1961 , 15, 121-9		14
1327	Severe undernutrition in growing and adult animals: 9.* The effect of undernutrition and its relief on the mechanical properties of bone. 1962 , 16, 1-12		13
1326	Studies in iron metabolism: 1. The experimental production of iron deficiency in the growing rat. 1962 , 16, 297-304		84
1325	Rate of growth, mature weight and life-span. 1962 , 156, 96-108		49
1324	Influence of high and low caloric intakes on fat deficiency of dogs. <i>Journal of Nutrition</i> , 1962 , 76, 73-81	4.1	8
1323	IS A BIG BABY HEALTHY?. 1963 , 22, 128-34		4
1322	Hypervitaminosis and overnutrition. Effects of intakes above essential allowances. 1963 , 10, 87-98		1
1321	Protein Requirements. 1964 , 135-171		18
1320	SOME EFFECTS OF UNDERNUTRITION. 1964 , 65, SUPPL:1008-14		4

1319	EFFECT OF DIETARY RESTRICTION OF PREGNANT RATS ON BODY WEIGHT GAIN OF THE OFFSPRING. <i>Journal of Nutrition</i> , 1964 , 82, 10-8	4.1	182
1318	Nutrition in Relation to Infection. 1964 , 48, 1153-1167		5
1317	Retardation of the ageing process in collagen fibres from the tail tendon of the old hypophysectomized rat. 1965 , 206, 307-8		27
1316	Growth retardation of day-old chickens and physiological effects at maturity. <i>Journal of Nutrition</i> , 1965 , 87, 31-40	4.1	14
1315	FETAL PARASITISM?. 1965 , 10, 395-8		4
1314	Choline metabolism in normal and choline-deficient rats of different ages. 1965 , 112, 201-6		17
1313	Effect of diets marginal in methionine and choline with and without vitamin B 12 on rat liver and kidney. <i>Journal of Nutrition</i> , 1966 , 89, 69-79	4.1	20
1312	The biology of aging. 1966 , 14, 431-46		6
1311	Severe undernutrition in growing and adult animals. 17. The ultimate results of rehabilitation: pigs. 1967 , 21, 787-99		44
1310	Longevity and protein intake. 1968 , 3, 231-4		48
1309	Comparative nutrition, growth and longevity. 1968 , 27, 121-9		23
1308	Relationship of Rearing Rate of Dairy Heifers to Mature Performance. 1969 , 52, 1321-1329		29
1307	Effect of environmental temperature and undernutrition on collagen aging. 1969 , 4, 169-75		14
1306	Environmental health and the older adult. 1969 , 18, 193-202		2
1305	Health maintenance in older adults. 1969 , 17, 433-50		6
1304	Geriatrics: an emerging challenge to the health professions. 1971 , 19, 199-207		
1303	Effect of various restricted dietary regimens on the growth, health and longevity of albino rats. <i>Journal of Nutrition</i> , 1972 , 102, 1477-93	4.1	98
1302	Maternal undernutrition and its long-term effects on the offspring. 1972 , 25, 812-21		32

1301	Changes in the structure of rat liver DNA in relation to age. 1972 , 153, 736-41		56
1300	Age at sexual maturity and its relationship to longevity in the male annual cyprinodont fish, <i>Nothobranchius guenther</i> . 1972 , 7, 131-5		43
1299	Effect of nutritional state on the ageing process of the human organs. 1972 , 1, 111-116		4
1298	Maternal diet as a factor in adipose tissue cellularity and metabolism in the young rat. <i>Journal of Nutrition</i> , 1972 , 102, 427-34	4.1	13
1297	Development, aging, and life duration: effects of nutrient restriction. 1972 , 25, 822-8		3
1296	The long-term effects of meal-eating on lipogenesis, enzyme activity, and longevity in the rat. <i>Journal of Nutrition</i> , 1972 , 102, 549-56	4.1	39
1295	Nutrition, aging, and genetic program. 1972 , 25, 829-33		22
1294	Longterm dietary restriction and immune function in mice: response to sheep red blood cells and to mitogenic agents. 1973 , 2, 447-54		97
1293	Skeletal development in rats as affected by maternal protein deprivation and postnatal food supply. <i>Journal of Nutrition</i> , 1973 , 103, 792-801	4.1	22
1292	Dietary preference and diseases of age. 1974 , 250, 263-5		24
1291	Nutrition and breast cancer. 1974 , 3, 141-146		2
1290	Food preference and length of life. 1975 , 190, 165-7		48
1289	The Ponce de Leon Trail Today. 1975 , 25, 623-628		2
1288	New aspects of the dietary effect of life prolongation in rodents. What is the role of obesity in aging?. 1975 , 10, 141-4		98
1287	Environmental effects on longevity in the male rat: exercise, mating, castration and restricted feeding. 1976 , 11, 25-32		56
1286	Levodopa, fertility, and longevity. 1977 , 196, 549-51		82
1285	Starvation suppression and refeeding activation of infection. An ecological necessity?. 1977 , 1, 123-5		55
1284	Changes of hormonal status in young mice by restricted caloric diet. Relation to lifespan extension. Preliminary results. 1977 , 33, 1612-4		5

1283	Aging, nutrition, and the continuum of health care. 1977 , 300, 290-7	6
1282	Diet and life extension in animal model systems. 1978 , 1, 131-143	31
1281	Beta-aminopropionitrile promotes longevity in mice. 1978 , 13, 251-4	5
1280	Tail collagen aging in mice of thirteen different genotypes and two species: relationship to biological age. 1978 , 13, 63-73	36

- 18 Metabolome profiling in the study of aging processes. **2022**, 68, 321-338 ○
- 17 Epigenetic regulation of aging: implications for interventions of aging and diseases. **2022**, 7, 8
- 16 Deep phenotyping and lifetime trajectories reveal limited effects of longevity regulators on the aging process in C57BL/6J mice. **2022**, 13, 1
- 15 Structural and Functional Changes in Aging Kidneys. **2022**, 23, 15435 ○
- 14 The serotonin receptor 5-HT2A modulates lifespan and protein feeding in *Drosophila melanogaster*. 3, ○
- 13 Metabolism is correlative not causative for age-related auditory decline in an insect model. ○
- 12 Introduction: Progression of the Science of Ageing. **2023**, 1-6 ○
- 11 CeLab, a Microfluidic Platform for the Study of Life History Traits, reveals Metformin and SGK-1 regulation of Longevity and Reproductive Span. ○
- 10 Calorie restriction brings no benefits to lifespan under stochastic environments. ○
- 9 Is Aging an Inevitable Characteristic of Organic Life or an Evolutionary Adaptation?. **2022**, 87, 1413-1445 ○
- 8 Role of microbial dysbiosis in the pathogenesis of Alzheimer's disease. **2023**, 229, 109478 ○
- 7 Glycine and aging: Evidence and mechanisms. **2023**, 87, 101922 ○
- 6 Oxidative stress, inflammation and hormesis: The role of dietary and lifestyle modifications on aging. **2023**, 164, 105490 ○

- 5 Evaluating instruments for assessing healthspan: a multi-center cross-sectional study on health-related quality of life (HRQL) and frailty in the companion dog. ○
- 4 Effects of Parental Dietary Restriction on Offspring Fitness in *Drosophila melanogaster*. **2023**, 15, 1273 ○
- 3 Sex-biased gene expression in nutrient-sensing pathways. **2023**, 290, 1
- 2 Climate-induced long-term variations of the Arctic ecosystems. **2023**, 213, 103006 ○
- 1 Caloric Restriction Can Ameliorate Postoperative Cognitive Dysfunction by Upregulating the Expression of Sirt1, MeCP2 and BDNF in the Hippocampal CA1 Region of Aged C57BL/6 Mice. **2023**, 13, 462 ○
