

CITATION REPORT

List of articles citing

Antigenic and genetic characteristics of swine-origin
2009 A(H1N1) influenza viruses circulating in humans

DOI: 10.1126/science.1176225
Science, 2009, 325, 197-201.

Version: 2024-04-26

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.
