

CITATION REPORT

List of articles citing

The impact of daily sildenafil on levels of soluble molecular markers of endothelial function in plasma in patients with erectile dysfunction

DOI: 10.1517/14656560802678211

Expert Opinion on Pharmacotherapy, 2009, 10, 155-60.

Version: 2024-04-09

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.
