List of articles citing

Should We Investigate Prostatic Inflammation for the Management of Benign Prostatic Hyperplasia?

DOI: 10.1016/j.eursup.2009.11.004
European Urology Supplements, 2009, 8, 879-886.

Version: 2024-04-27

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.
