

CITATION REPORT

List of articles citing

The lack of clinical distinction between the hypermobility type of Ehlers-Danlos syndrome and the joint hypermobility syndrome (a.k.a. hypermobility syndrome)

DOI: 10.1002/ajmg.a.33070

American Journal of Medical Genetics, Part A, 2009, 149A, 2368-70.

Version: 2024-04-28

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.
