

CITATION REPORT

List of articles citing

Lakes and reservoirs as regulators of carbon cycling and climate

DOI: 10.4319/lo.2009.54.6_part_2.2298

Limnology and Oceanography, 2009, 54, 2298-2314.

Version: 2024-04-27

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.

#	Paper	IF	Citations
1738	Inputs from icebergs to the ocean. 82-100		
1737	Variations in colored dissolved organic matter between boreal lakes studied by satellite remote sensing. 2009 , 3, 033538		23
1736	Variation in transparent exopolymer particles in relation to biological and chemical factors in two contrasting lake districts. 2010 , 72, 443-453		22
1735	Nutrient constraints on metabolism affect the temperature regulation of aquatic bacterial growth efficiency. 2010 , 60, 894-902		42
1734	Integrative management to mitigate diffuse pollution in multi-functional landscapes. 2010 , 2, 375-382		12
1733	Patterns of resource limitation of bacteria along a trophic gradient in Mediterranean inland waters. 2010 , 74, 554-65		9
1732	El Niño Southern Oscillation and climate trends impact reservoir water quality. 2010 , 16, 2857-2865		49
1731	The European carbon balance. Part 4: integration of carbon and other trace-gas fluxes. 2010 , 16, 1451-1469		138
1730	Temperature-controlled organic carbon mineralization in lake sediments. 2010 , 466, 478-81		350
1729	Rainfall leads to increased CO_2 in Brazilian coastal lakes. 2010 , 7, 1607-1614		38
1728	Physical and chemical consequences of artificially deepened thermocline in a small humic lake – a paired whole-lake climate change experiment. 2010 , 14, 2629-2642		13
1727	Priming effect: bridging the gap between terrestrial and aquatic ecology. 2010 , 91, 2850-61		325
1726	Dissolved CO ₂ in small catchment streams of eastern Amazonia: A minor pathway of terrestrial carbon loss. 2010 , 115,		32
1725	Dissolved organic carbon export and internal cycling in small, headwater lakes. 2010 , 24, n/a-n/a		16
1724	Quantifying the relative importance of lake emissions in the carbon budget of a subarctic catchment. 2010 , 115,		43
1723	Carbon dioxide supersaturation in peatland waters and its contribution to atmospheric efflux from downstream boreal lakes. 2010 , 115,		4
1722	Comprehensive conservation planning to protect biodiversity and ecosystem services in Canadian boreal regions under a warming climate and increasing exploitation. 2010 , 143, 1571-1586		88

1721	Monitoring long time trends in lake CDOM using Landsat image archive. 2010,	1
1720	Global change and remote sensing of CDOM in Arctic coastal waters. 2010,	2
1719	Lakes in a New Light: Indirect Effects of Ultraviolet Radiation. 2011, 4, 115-134	9
1718	Riverine coupling of biogeochemical cycles between land, oceans, and atmosphere. 2011, 9, 53-60	740
1717	The pCO ₂ in boreal lakes: Organic carbon as a universal predictor?. 2011, 25, n/a-n/a	41
1716	Long-term carbon burial in European lakes: Analysis and estimate. 2011, 25, n/a-n/a	69
1715	Greenhouse gas dynamics in lakes receiving atmospheric nitrogen deposition. 2011, 25, n/a-n/a	27
1714	CO ₂ emissions from a tropical hydroelectric reservoir (Balbina, Brazil). 2011, 116,	132
1713	Sediment accumulation and carbon, nitrogen, and phosphorus deposition in the large tropical reservoir Lake Kariba (Zambia/Zimbabwe). 2011, 116,	44
1712	Global patterns of land-atmosphere fluxes of carbon dioxide, latent heat, and sensible heat derived from eddy covariance, satellite, and meteorological observations. 2011, 116,	765
1711	Carbon pools and fluxes in a chain of five boreal lakes: A dry and wet year comparison. 2011, 116,	59
1710	Long-term direct CO ₂ flux measurements over a boreal lake: Five years of eddy covariance data. 2011, 38, n/a-n/a	84
1709	Diffusive and ebullitive transport of methane and nitrous oxide from streams: Are bubble-mediated fluxes important?. 2011, 116,	67
1708	Diffusive methane emissions to the atmosphere from Lake Kivu (Eastern Africa). 2011, 116,	51
1707	Evaluation of medium to low resolution satellite imagery for regional lake water quality assessments. 2011, 47,	69
1706	Effects of UV radiation on aquatic ecosystems and interactions with climate change. 2011, 10, 242-60	252
1705	Spatial heterogeneity of methane ebullition in a large tropical reservoir. 2011, 45, 9866-73	173
1704	Carbon emission from hydroelectric reservoirs linked to reservoir age and latitude. 2011, 4, 593-596	467

1703	Significant efflux of carbon dioxide from streams and rivers in the United States. 2011 , 4, 839-842	482
1702	Shallow freshwater ecosystems of the circumpolar Arctic. 2011 , 18, 204-222	158
1701	Spatial-seasonal dynamics of chromophoric dissolved organic matter in Lake Taihu, a large eutrophic, shallow lake in China. 2011 , 42, 510-519	86
1700	Freshwater methane emissions offset the continental carbon sink. 2011 , 331, 50	903
1699	Bubbles trapped in arctic lake ice: Potential implications for methane emissions. 2011 , 116,	46
1698	Effect of permafrost thawing on organic carbon and trace element colloidal speciation in the thermokarst lakes of western Siberia. 2011 , 8, 565-583	91
1697	Biomonitoring of Human Impacts in Freshwater Ecosystems. 2011 , 44, 1-68	171
1696	Eddy covariance flux measurements confirm extreme CH ₄ emissions from a Swiss hydropower reservoir and resolve their short-term variability. 2011 , 8, 2815-2831	56
1695	A global experiment suggests climate warming will not accelerate litter decomposition in streams but might reduce carbon sequestration. 2011 , 14, 289-94	220
1694	Large geographical differences in the sensitivity of ice-covered lakes and rivers in the Northern Hemisphere to temperature changes. 2011 , 17, 268-275	95
1693	Integrating aquatic and terrestrial components to construct a complete carbon budget for a north temperate lake district. 2011 , 17, 1193-1211	129
1692	Chemical interferences when using high gradient magnetic separation for phosphate removal: consequences for lake restoration. 2011 , 192, 995-1001	25
1691	Controls on greenhouse gas concentrations in polymictic headwater lakes in Ireland. 2011 , 410-411, 217-25	36
1690	Impact of land use change and rainfall on sediment and carbon accumulation in a water reservoir of North Thailand. 2011 , 140, 521-533	40
1689	Vegetation diversity in a large Neotropical wetland during two different climatic scenarios. 2011 , 20, 2007-2025	10
1688	Algal and aquatic plant carbon concentrating mechanisms in relation to environmental change. 2011 , 109, 281-96	191
