

CITATION REPORT

List of articles citing

Motor coordination in autism spectrum disorders: a synthesis and meta-analysis

DOI: 10.1007/s10803-010-0981-3

Journal of Autism and Developmental Disorders, 2010, 40, 1227-40.

Source: <https://exaly.com/paper-pdf/47948847/citation-report.pdf>

Version: 2024-04-27

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.

#	Paper	IF	Citations
768	Motor function in children with autism: Why is this relevant to psychologists?. 2010 , 14, 90-96		17
767	Atypical network connectivity for imitation in autism spectrum disorder. 2010 , 48, 2931-9		86
766	Association of mouse Dlg4 (PSD-95) gene deletion and human DLG4 gene variation with phenotypes relevant to autism spectrum disorders and Williams' syndrome. 2010 , 167, 1508-17		159
765	The contribution of muscular and auditory pathologies to the symptomatology of autism. 2011 , 77, 1038-47		9
764	Do imitation problems reflect a core characteristic in autism? Evidence from a literature review. 2011 , 5, 89-95		40
763	Current world literature. 2011 , 24, 183-90		
762	The neurology of autism spectrum disorders. 2011 , 24, 132-9		74
761	A pilot study examining activity participation, sensory responsiveness, and competence in children with high functioning Autism Spectrum Disorder. <i>Journal of Autism and Developmental Disorders</i> , 2011 , 41, 1496-506	4.6	99
760	The nature of covariation between autistic traits and clumsiness: a twin study in a general population sample. <i>Journal of Autism and Developmental Disorders</i> , 2011 , 41, 1665-74	4.6	18
759	A review on cognitive and brain endophenotypes that may be common in autism spectrum disorder and attention-deficit/hyperactivity disorder and facilitate the search for pleiotropic genes. 2011 , 35, 1363-96		281
758	Common neurological co-morbidities in autism spectrum disorders. 2011 , 23, 609-15		65
757	Motor characteristics of young children referred for possible autism spectrum disorder. 2012 , 24, 21-9		30
756	Sensor-based technology in the study of motor skills in infants at risk for ASD. 2012 , 1879-1883		17
755	Motor proficiency and emotional/behavioural disturbance in autism and Asperger's disorder: another piece of the neurological puzzle?. 2012 , 16, 627-40		56
754	Parent perceptions of factors influencing after-school physical activity of children with autism spectrum disorders. 2012 , 29, 63-80		80
753	Sensory and motor characterization in the postnatal valproate rat model of autism. 2012 , 34, 258-67		40
752	Motor impairment in sibling pairs concordant and discordant for autism spectrum disorders. 2012 , 16, 430-41		114

751	An examination of handedness and footedness in children with high functioning autism and Asperger syndrome. <i>Journal of Autism and Developmental Disorders</i> , 2012 , 42, 2192-201	4.6	11
750	Rhythmic bimanual coordination is impaired in young children with autism spectrum disorder. 2012 , 6, 25-31		32
749	Mirror neuron activity associated with social impairments but not age in autism spectrum disorder. 2012 , 71, 427-33		81
748	Consensus paper: pathological role of the cerebellum in autism. 2012 , 11, 777-807		449
747	Finding behavioral and network indicators of brain vulnerability. 2011 , 6, 10		14
746	A closer look at visually guided saccades in autism and Asperger's disorder. 2012 , 6, 99		44
