

# CITATION REPORT

List of articles citing

**Characterization of craniomaxillofacial battle injuries sustained by United States service members in the current conflicts of Iraq and Afghanistan**

**DOI: 10.1016/j.joms.2009.06.006**

**Journal of Oral and Maxillofacial Surgery, 2010, 68, 3-7.**

**Source:** <https://exaly.com/paper-pdf/48001588/citation-report.pdf>

**Version:** 2024-04-19

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.

#	Paper	IF	Citations
121	Training Australian military health care personnel in the primary care of maxillofacial wounds from improvised explosive devices. <b>2010</b> , 156, 121-124		5
120	Lessons learned in oral and maxillofacial surgery from British military deployments in Afghanistan. <b>2010</b> , 156, 113-6		12
119	Distribution of civilian and military maxillofacial surgical procedures performed in an Air Force theatre hospital: implications for training and readiness. <b>2010</b> , 156, 117-21		18
118	Clinical strategies in the management of complex maxillofacial injuries sustained by British military personnel. <b>2010</b> , 156, 110-3		16
117	Cranio-maxillofacial battle injuries: injury patterns, conventional treatment limitations and direction of future research. <b>2010</b> , 31, 1-8		5
116	A tissue-engineered muscle repair construct for functional restoration of an irrecoverable muscle injury in a murine model. <b>2011</b> , 17, 2291-303		127
115	Creating Electrospun Nanofiber-Based Biomimetic Scaffolds for Bone Regeneration. <b>2011</b> , 63-100		5
114	Mandibular fractures in British military personnel secondary to blast trauma sustained in Iraq and Afghanistan. <b>2011</b> , 49, 607-11		26
113	Management of maxillofacial wounds sustained by British service personnel in Afghanistan. <b>2011</b> , 40, 483-6		13
112	Combat-related craniofacial and cervical injuries: a 5-year review from the British military. <b>2011</b> , 71, 108-13		37
111	Prevention of infections associated with combat-related eye, maxillofacial, and neck injuries. <b>2011</b> , 71, S264-9		11
110	Point-of-care instrument for monitoring tissue health during skin graft repair. <b>2011</b> ,		
109	Outcome study of computer-aided surgical simulation in the treatment of patients with craniomaxillofacial deformities. <i>Journal of Oral and Maxillofacial Surgery</i> , <b>2011</b> , 69, 2014-24	1.8	103
108	Poster 74: Characterization of Craniomaxillofacial Injuries During Operations Enduring Freedom and Iraqi Freedom - A 10 Year Review. <i>Journal of Oral and Maxillofacial Surgery</i> , <b>2011</b> , 69, e95	1.8	
107	Assessment and treatment of combat-related PTSD in returning war veterans. <b>2011</b> , 18, 164-75		40
106	[Bullet and shrapnel injuries in the face and neck regions. Current aspects of wound ballistics]. <b>2011</b> , 59, 752-64		12
105	Investigation of severe craniomaxillofacial battle injuries sustained by u.s. Service members: a case series. <b>2012</b> , 5, 243-52		10

104	A murine model of volumetric muscle loss and a regenerative medicine approach for tissue replacement. <b>2012</b> , 18, 1941-8		114
103	A collaborative research system for functional outcomes following wartime extremity vascular injury. <i>Journal of Trauma and Acute Care Surgery</i> , <b>2012</b> , 73, S7-12	3.3	11
102	Development of a finite element model for blast injuries to the pig mandible and a preliminary biomechanical analysis. <i>Journal of Trauma and Acute Care Surgery</i> , <b>2012</b> , 73, 902-7	3.3	6
101	Ten years of war: a characterization of craniomaxillofacial injuries incurred during operations Enduring Freedom and Iraqi Freedom. <i>Journal of Trauma and Acute Care Surgery</i> , <b>2012</b> , 73, S453-8	3.3	41
100	Non-invasive monitoring of vascularization of grafted engineered human oral mucosa. <b>2012</b> ,		2
99	Blast injuries to the human mandible: development of a finite element model and a preliminary finite element analysis. <b>2012</b> , 43, 1850-5		15
98	Maxillofacial Injuries Sustained in Afghanistan During Operation Enduring Freedom. <i>Journal of Oral and Maxillofacial Surgery</i> , <b>2012</b> , 70, e17-e18	1.8	
97	A standardized rat model of volumetric muscle loss injury for the development of tissue engineering therapies. <b>2012</b> , 1, 280-90		78
96	Injectable reactive biocomposites for bone healing in critical-size rabbit calvarial defects. <b>2012</b> , 7, 024112		36
95	Blast injuries of mandible: a protocol for primary management. <b>2012</b> , 11, 191-4		1
94	Emergency treatment strategy and the biodynamic effects of massive, "chopped off", mandibular tissue and a prolapsed tongue. <b>2013</b> , 41, e59-63		7
93	Head and neck trauma in Iraq and Afghanistan: different war, different surgery, lessons learned. <b>2013</b> , 123, 2411-7		12
92	Microsurgical reconstruction of the trigeminal nerve. <b>2013</b> , 25, 287-302		13
91	Characterization and management of mandibular fractures: lessons learned from Iraq and Afghanistan. <b>2013</b> , 21, 61-8		5
90	Coverage error of commercial skin pigments as compared to human facial skin tones. <b>2013</b> , 41, 986-91		5
89	Non-battle craniomaxillofacial injuries from U.S. military operations. <b>2013</b> , 41, 816-20		11
88	Muscle-derived decellularised extracellular matrix improves functional recovery in a rat latissimus dorsi muscle defect model. <b>2013</b> , 66, 1750-8		50
87	Characterization of mandibular fractures incurred from battle injuries in Iraq and Afghanistan from 2001-2010. <i>Journal of Oral and Maxillofacial Surgery</i> , <b>2013</b> , 71, 734-42	1.8	22

86	The joint facial and invasive neck trauma (J-FAINT) project, Iraq and Afghanistan 2003-2011. <b>2013</b> , 148, 403-8		20
85	Combat body armor and injuries to the head, face, and neck region: a systematic review. <i>Military Medicine</i> , <b>2013</b> , 178, 421-6	1,3	15
84	Tissue response to composite hydrogels for vertical bone augmentation in the rat. <b>2014</b> , 102, 2079-88		8
83	Sensing vascularization of ex-vivo produced oral mucosal equivalent (EVPOME) skin grafts in nude mice using optical spectroscopy. <b>2014</b> ,		
82	Reduction of ectopic bone growth in critically-sized rat mandible defects by delivery of rhBMP-2 from kerateine biomaterials. <b>2014</b> , 35, 3220-8		40
81	Metals for bone implants. Part 1. Powder metallurgy and implant rendering. <b>2014</b> , 10, 4058-70		161
80	Modeling the biomechanics of swine mastication—an inverse dynamics approach. <b>2014</b> , 47, 2626-32		12
79	Estimating patient-specific and anatomically correct reference model for craniomaxillofacial deformity via sparse representation. <b>2015</b> , 42, 5809-16		11
