

CITATION REPORT

List of articles citing

A human gut microbial gene catalogue established by metagenomic sequencing

DOI: 10.1038/nature08821
Nature, 2010, 464, 59-65.

Version: 2024-04-04

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.

#	Paper	IF	Citations
2198	Response of Soil Microbial Communities to Elevated Antimony and Arsenic Contamination Indicates the Relationship between the Innate Microbiota and Contaminant Fractions.		
2197	Hepatic uptake of desialylated testosterone-oestradiol-binding globulin in the rat. 1979 , 90, 669-79		10
2196	Inhibition of nitric oxide synthases abrogates pregnancy-induced uterine vascular expansive remodeling. 2009 , 46, 478-86		32
2195	Update on mucosal immunoglobulin A in gastrointestinal disease. 2010 , 26, 554-63		84
2194	Desulfovibrio bacterial species are increased in ulcerative colitis. 2010 , 53, 1530-6		160
2193	The role of mucosal immunity and host genetics in defining intestinal commensal bacteria. 2010 , 26, 564-71		114
2192	Intestinal microbiota and overweight. 2010 , 1, 407-21		19
2191	In brief. 2010 , 7, 240-240		
2190	Impact of diet in shaping gut microbiota revealed by a comparative study in children from Europe and rural Africa. 2010 , 107, 14691-6		3582
2189	Origins and evolution of antibiotic resistance. 2010 , 74, 417-33		2956
2188	SDD: don't be selective in considering pros and cons. 2010 , 36, 1785-6		
2187	Microbiota-stimulated immune mechanisms to maintain gut homeostasis. 2010 , 22, 455-60		140
2186	Systems biology of the gut: the interplay of food, microbiota and host at the mucosal interface. 2010 , 21, 539-50		57
2185	The globalization of intestinal microbiota. 2010 , 29, 1049-50		7
2184	The next-generation sequencing technology and application. 2010 , 1, 520-36		97
2183	Human gut microbiome: the second genome of human body. 2010 , 1, 718-25		200
2182	Intestinal goblet cells and mucins in health and disease: recent insights and progress. 2010 , 12, 319-30		812
