

CITATION REPORT

List of articles citing

Shifts in metabolic scaling, production, and efficiency across major evolutionary transitions of life

DOI: 10.1073/pnas.1007783107

Proceedings of the National Academy of Sciences of the United States of America, 2010, 107, 12941-5.

Version: 2024-04-28

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.
