

CITATION REPORT

List of articles citing

Characteristics and prospective 2-year follow-up of children with pulmonary arterial hypertension in France

DOI: 10.1016/j.acvd.2009.12.001

Archives of Cardiovascular Diseases, 2010, 103, 66-74.

Version: 2024-04-24

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.
