

CITATION REPORT

List of articles citing

Assessment of physical activity - a review of methodologies with reference to epidemiological research: a report of the exercise physiology section of the European Association of Cardiovascular Prevention and Rehabilitation

DOI: 10.1097/hjr.ob013e32832ed875

European Journal of Cardiovascular Prevention and Rehabilitation, 2010, 17, 127-39.

Version: 2024-04-28

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.
