

CITATION REPORT

List of articles citing

Livestock production: recent trends, future prospects

DOI: 10.1098/rstb.2010.0134

Philosophical Transactions of the Royal Society B:
Biological Sciences, 2010, 365, 2853-67.

Source: <https://exaly.com/paper-pdf/49465087/citation-report.pdf>

Version: 2024-04-28

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.

#	Paper	IF	Citations
1248	The future of the global food system. <i>Philosophical Transactions of the Royal Society B: Biological Sciences</i> , 2010 , 365, 2769-77	5.8	342
1247	Animal behavior and well-being symposium: Farm animal welfare assurance: science and application. 2011 , 89, 1219-28		63
1246	Issues and special features of animal health research. 2011 , 42, 96		12
1245	Improving the productivity and sustainability of terrestrial and aquatic food production systems: future perspectives. 2011 , 149, 1-7		23
1244	Livestock and climate change, challenges and options.. 2011 , 6,		2
1243	Demand for Meat in the Rural and Urban Areas of Kenya: A Focus on the Indigenous Chicken. 2012 , 2012, 1-10		17
1242	Back to the future: the changing frontiers of nutrition research and its relationship to policy. 2012 , 71, 190-7		5
1241	Food vs. fuel: the use of land for lignocellulosic next generation energy crops that minimize competition with primary food production. 2012 , 4, 1-19		196
1240	Reducing Meat Consumption in Today's Consumer Society: Questioning the Citizen-Consumer Gap. 2012 , 25, 877-894		143
1239	Multivariate characterisation of the phenotypic traits of Djallonke and Sahel sheep in Northern Ghana. 2013 , 45, 267-74		16
1238	Environmental analysis of biogas production systems. 2012 , 3, 749-760		10
1237	Land sparing or sharing? Exploring livestock fodder options in combination with land use zoning and consequences for livelihoods and net carbon stocks using the FALLOW model. 2012 , 159, 145-160		37
1236	Disease will limit future food supply from the global crustacean fishery and aquaculture sectors. 2012 , 110, 141-57		238
1235	Bio-oil deoxygenation by catalytic pyrolysis: new catalysts for the conversion of biomass into densified and deoxygenated bio-oil. 2012 , 5, 1944-57		30
1234	Feed Efficiency and Animal Robustness. 2012 , 105-122		9
1233	Changes in the expression of regulatory enzymes associated with anabolic pathways of energy metabolism in wild and New Zealand rabbits during feed restriction. 2012 , 150, 357-363		1
1232	Opportunities for predicting and manipulating beef quality. 2012 , 92, 197-209		91
