

# CITATION REPORT

List of articles citing

## The fetal and maternal consequences of gestational diabetes mellitus

DOI: 10.3109/14767050903550659

Journal of Maternal-Fetal and Neonatal Medicine, 2010  
, 23, 199-203.

**Source:** <https://exaly.com/paper-pdf/49606482/citation-report.pdf>

**Version:** 2024-04-29

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.
