

CITATION REPORT

List of articles citing

Spatial and Temporal Characteristics of Reference Evapotranspiration Trends in the Haihe River Basin, China

DOI: 10.1061/(asce)he.1943-5584.0000320

Journal of Hydrologic Engineering - ASCE, 2011, 16, 239-252.

Source: <https://exaly.com/paper-pdf/49967773/citation-report.pdf>

Version: 2024-04-25

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.
