List of articles citing

Associations between dairy consumption and body weight: a review of the evidence and underlying mechanisms

DOI: 10.1017/s095442241000034x

Nutrition Research Reviews, 2011, 24, 72-95.

Source: <https://exaly.com/paper-pdf/50391905/citation-report.pdf>

Version: 2024-04-09

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.
