

CITATION REPORT

List of articles citing

Climate Change, Atmospheric Rivers, and Floods in California A Multimodel Analysis of Storm Frequency and Magnitude Changes¹

DOI: 10.1111/j.1752-1688.2011.00546.x

Journal of the American Water Resources Association,
2011, 47, 514-523.

Version: 2024-04-28

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.
