

CITATION REPORT

List of articles citing

The "Great Obstetrical Syndromes" are associated with disorders of deep placentation

DOI: 10.1016/j.ajog.2010.08.009

American Journal of Obstetrics and Gynecology, 2011, 204, 193-201.

Source: <https://exaly.com/paper-pdf/51166652/citation-report.pdf>

Version: 2024-04-28

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.

#	Paper	IF	Citations
1034	Maternal plasma concentrations of angiogenic/anti-angiogenic factors are of prognostic value in patients presenting to the obstetrical triage area with the suspicion of preeclampsia. 2011 , 24, 1187-207		100
1033	Maternal thyroid function at eleven to thirteen weeks of gestation and subsequent delivery of small for gestational age neonates. 2011 , 21, 1127-31		11
1032	Ischemic placental disease: epidemiology and risk factors. 2011 , 159, 77-82		63
1031	Prevention of adverse pregnancy outcomes with low-dose ASA in early pregnancy: new perspectives for future randomized trials. 2011 , 33, 480-483		5
1030	Heparin promotes soluble VEGF receptor expression in human placental villi to impair endothelial VEGF signaling. 2011 , 9, 2486-97		38
1029	Deep trophoblast invasion and spiral artery remodelling in the placental bed of the chimpanzee. 2011 , 32, 400-8		42
1028	Placental protein 13 (PP13/galectin-13) undergoes lipid raft-associated subcellular redistribution in the syncytiotrophoblast in preterm preeclampsia and HELLP syndrome. <i>American Journal of Obstetrics and Gynecology</i> , 2011 , 205, 156.e1-14	6.4	42
1027	Deep placentation. 2011 , 25, 273-85		90
1026	Defective deep placentation. 2011 , 25, 301-11		105
1025	Placental bed disorders in preterm labor, preterm PROM, spontaneous abortion and abruptio placentae. 2011 , 25, 313-27		121
1024	Placental lesions associated with maternal underperfusion are more frequent in early-onset than in late-onset preeclampsia. 2011 , 39, 641-52		172
1023	Abnormal spiral artery remodelling in the decidual segment during pregnancy: from histology to clinical correlation. 2011 , 64, 1064-8		38
1022	Prevention of perinatal death with low-dose aspirin in developing countries. 2011 , 34, 1073-4		
1021	Abruptio placentae. 2012 , 237-241		
1020	Obstetric Evidence-Based Guidelines. 2012 ,		5
1019	Blood pH and gases in fetuses in preterm labor with and without systemic inflammatory response syndrome. 2012 , 25, 1160-70		21
1018	Human amniotic glycodelin actively regulates changes in β -catenin immunoreactivity in cultured human umbilical vein endothelial cells (HUVEC). 2012 , 25, 1514-6		3

1017	Neutrophil NETs in reproduction: from infertility to preeclampsia and the possibility of fetal loss. 2012 , 3, 362	73
1016	PP13, decidual zones of necrosis, and spiral artery remodeling--preeclampsia revisited?. 2012 , 19, 14-5	4
1015	Prematurely elevating estradiol in early baboon pregnancy suppresses uterine artery remodeling and expression of extravillous placental vascular endothelial growth factor and α_1 and β_1 integrins. 2012 , 153, 2897-906	28
1014	Abnormal spiral arteries modification in stillbirths: the role of maternal prepregnancy body mass index. 2012 , 25, 2789-92	17
