

CITATION REPORT

List of articles citing

Leptin and TNF-alpha promoter methylation levels measured by MSP could predict the response to a low-calorie diet

DOI: 10.1007/s13105-011-0084-4

Journal of Physiology and Biochemistry, 2011, 67, 463-70.

Source: <https://exaly.com/paper-pdf/51400625/citation-report.pdf>

Version: 2024-04-28

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.
