

CITATION REPORT

List of articles citing

Leptin-receptor-expressing neurons in the dorsomedial hypothalamus and median preoptic area regulate sympathetic brown adipose tissue circuits

DOI: 10.1523/jneurosci.3223-10.2011

Journal of Neuroscience, 2011, 31, 1873-84.

Source: <https://exaly.com/paper-pdf/51685172/citation-report.pdf>

Version: 2024-04-29

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.
