List of articles citing

Methods for evaluating endothelial function: a position statement from the European Society of Cardiology Working Group on Peripheral Circulation

DOI: 10.1177/1741826711398179

European Journal of Cardiovascular Prevention and Rehabilitation, 2011, 18, 775-89.

Version: 2024-04-28

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.
