

# CITATION REPORT

List of articles citing

Potential benefits of pro- and prebiotics on intestinal mucosal immunity and intestinal barrier in short bowel syndrome

DOI: 10.1017/s0954422410000260

Nutrition Research Reviews, 2011, 24, 21-30.

**Source:** <https://exaly.com/paper-pdf/52001356/citation-report.pdf>

**Version:** 2024-04-20

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.
