

CITATION REPORT

List of articles citing

Demographically corrected norms for African Americans and Caucasians on the Hopkins Verbal Learning Test-Revised, Brief Visuospatial Memory Test-Revised, Stroop Color and Word Test, and Wisconsin Card Sorting Test 64-Card Version

DOI: 10.1080/13803395.2011.559157

Journal of Clinical and Experimental Neuropsychology
, 2011, 33, 793-804.

Version: 2024-04-28

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.

#	Paper	IF	Citations
207	Normative data and validation of a regression based summary score for assessing meaningful neuropsychological change. <i>Journal of Clinical and Experimental Neuropsychology</i> , 2011 , 33, 505-22	2.1	105
206	Intra-individual variability across neurocognitive domains in chronic hepatitis C infection: elevated dispersion is associated with serostatus and unemployment risk. 2012 , 26, 654-74		12
205	Diagnosing symptomatic HIV-associated neurocognitive disorders: self-report versus performance-based assessment of everyday functioning. 2012 , 18, 79-88		85
204	Methamphetamine use and neuropsychiatric factors are associated with antiretroviral non-adherence. 2012 , 24, 1504-13		75
203	Neurocognitive deficits are associated with unemployment in chronic methamphetamine users. 2012 , 125, 146-53		57
202	Defining neurocognitive impairment in HIV: deficit scores versus clinical ratings. 2012 , 26, 894-908		149
201	Apolipoprotein E4 genotype does not increase risk of HIV-associated neurocognitive disorders. 2013 , 19, 150-6		48
200	Substance use is a risk factor for neurocognitive deficits and neuropsychiatric distress in acute and early HIV infection. 2013 , 19, 65-74		64
199	Neurocognitive functioning in antiretroviral therapy-naïve youth with behaviorally acquired human immunodeficiency virus. 2013 , 53, 763-71		27
198	Memory-based strategies for antiretroviral medication management: an evaluation of clinical predictors, adherence behavior awareness, and effectiveness. 2013 , 17, 74-85		13
197	Dual-mixed HIV-1 coreceptor tropism and HIV-associated neurocognitive deficits. 2013 , 19, 488-94		2
196	Real-world impact of neurocognitive deficits in acute and early HIV infection. 2013 , 19, 565-73		38
195	VIII. NIH Toolbox Cognition Battery (CB): composite scores of crystallized, fluid, and overall cognition. 2013 , 78, 119-32		96
194	Neurocognitive function in HIV infected patients on antiretroviral therapy. 2013 , 8, e61949		48
193	Neurocognitive function in HIV-infected patients: comparison of two methods to define impairment. 2014 , 9, e103498		6
192	Performance of an adult Brazilian sample on the Trail Making Test and Stroop Test. 2014 , 8, 26-31		31
191	Impact of human immunodeficiency virus on neurocognition and risky behaviors in young adults. 2014 , 20, 466-73		10

190	A history of alcohol dependence augments HIV-associated neurocognitive deficits in persons aged 60 and older. 2014 , 20, 505-13		25
189	Post-stroke memory impairment among patients with vascular mild cognitive impairment. 2014 , 14, 244		8
188	Cognitive function and fatigue after diagnosis of colorectal cancer. 2014 , 25, 2404-2412		76
187	Clinical Spanish norms of the Stroop test for traumatic brain injury and schizophrenia. 2014 , 17, E96		3
186	The Wide Range Achievement Test-4 Reading subtest "holds" in HIV-infected individuals. <i>Journal of Clinical and Experimental Neuropsychology</i> , 2014 , 36, 992-1001	2.1	30
185	Neurocognitive performance and symptom profiles of Spanish-speaking Hispanic athletes on the ImPACT test. 2014 , 29, 152-63		16
184	Reliability and validity of composite scores from the NIH Toolbox Cognition Battery in adults. 2014 , 20, 588-98		182
183	Construct validity and extended normative data for older adults for the Brief Visuospatial Memory Test, Revised. 2014 , 29, 601-6		15
182	An active lifestyle is associated with better neurocognitive functioning in adults living with HIV infection. 2014 , 20, 233-42		58
181	Detrimental impact of remote methamphetamine dependence on neurocognitive and everyday functioning in older but not younger HIV+ adults: evidence for a legacy effect?. 2014 , 20, 85-98		20
180	Pathogenesis of Mental Health Disorders in HIV. 2014 , 61-106		1
179	The NIH Toolbox Pattern Comparison Processing Speed Test: Normative Data. 2015 , 30, 359-68		42
178	Demographically Corrected Normative Standards for the English Version of the NIH Toolbox Cognition Battery. 2015 , 21, 378-91		113
177	Physical Activity Affects Brain Integrity in HIV+ Individuals. 2015 , 21, 880-9		21
176	Methamphetamine Exposure Combined with HIV-1 Disease or gp120 Expression: Comparison of Learning and Executive Functions in Humans and Mice. 2015 , 40, 1899-909		32
175	Validation of mismatch negativity and P3a for use in multi-site studies of schizophrenia: characterization of demographic, clinical, cognitive, and functional correlates in COGS-2. 2015 , 163, 63-72		116
174	Neurocognitive impairment in a large sample of homeless adults with mental illness. 2015 , 131, 256-68		46
173	Mitochondrial DNA Haplogroups and Neurocognitive Impairment During HIV Infection. 2015 , 61, 1476-84		23

172	Independent effects of HIV infection and cocaine dependence on neurocognitive impairment in a community sample living in the southern United States. 2015 , 149, 128-35		31
171	Neurocognitive impairment is associated with lower health literacy among persons living with HIV infection. 2015 , 19, 166-77		25
170	Physical Activity is Associated with Better Neurocognitive and Everyday Functioning Among Older Adults with HIV Disease. 2015 , 19, 1470-7		49
169	The Effect of Central Nervous System Penetration Effectiveness of Highly Active Antiretroviral Therapy on Neuropsychological Performance and Neuroimaging in HIV Infected Individuals. 2015 , 10, 487-92		22
168	The Prague Stroop Test: Normative standards in older Czech adults and discriminative validity for mild cognitive impairment in Parkinson's disease. <i>Journal of Clinical and Experimental Neuropsychology</i> , 2015 , 37, 794-807	2.1	25
167	The impact of human immune deficiency virus and hepatitis C coinfection on white matter microstructural integrity. 2016 , 22, 389-99		16
166	Do neuropsychological test norms from African Americans in the United States generalize to a Zambian population?. 2016 , 28, 18-38		15
165	A Brief Dietary Assessment Predicts Executive Dysfunction in an Elderly Cohort: Results from the Einstein Aging Study. 2016 , 64, e131-e136		7
164	Topographies of Cortical and Subcortical Volume Loss in HIV and Aging in the cART Era. 2016 , 73, 374-383		38
163	The Veterans Aging Cohort Study (VACS) Index and Neurocognitive Change: A Longitudinal Study. 2016 , 63, 694-702		23
162	Neurobehavioral Disturbances During Acute and Early HIV Infection. 2016 , 29, 1-10		16
161	Antiretroviral treatment initiation does not differentially alter neurocognitive functioning over time in youth with behaviorally acquired HIV. 2016 , 22, 218-30		9
160	Preliminary study of a novel cognitive assessment device for the evaluation of HIV-associated neurocognitive impairment. 2016 , 22, 816-822		6
159	An updated Italian normative dataset for the Stroop color word test (SCWT). 2016 , 37, 365-72		30
158	Health-Related Decision-Making in HIV Disease. 2016 , 23, 135-46		17
157	Demographically corrected normative data for the Hopkins Verbal Learning Test-Revised and Brief Visuospatial Memory Test-Revised in an elderly sample. 2016 , 23, 179-85		15
156	Central nervous system penetration effectiveness of antiretroviral drugs and neuropsychological impairment in the Ontario HIV Treatment Network Cohort Study. 2016 , 22, 349-57		40
155	Qualifying and quantifying minimal hepatic encephalopathy. 2016 , 31, 1217-1229		30

154	What Stroop tasks can tell us about selective attention from childhood to adulthood. 2017 , 108, 583-607	14
153	Screening for dementia in Arabic: normative data from an elderly Lebanese sample. 2017 , 31, 1-19	15
152	Screening for neurocognitive impairment in HIV-positive adults aged 50 years and older: Montreal Cognitive Assessment relates to self-reported and clinician-rated everyday functioning. <i>Journal of Clinical and Experimental Neuropsychology</i> , 2017 , 39, 842-853	2.1 23
151	Real-World Impact of HIV-Associated Neurocognitive Impairment. 2017 , 211-245	14
150	Impact of aging on neurocognitive performance in previously antiretroviral-naive HIV-infected individuals on their first suppressive regimen. 2017 , 31, 1565-1571	18
149	Clinimetric validity of the Trail Making Test Czech version in Parkinson's disease and normative data for older adults. 2017 , 31, 42-60	9
148	The Acceptability and Potential Utility of Cognitive Training to Improve Working Memory in Persons Living With HIV: A Preliminary Randomized Trial. 2017 , 28, 633-643	13
147	Validation of the Spanish Version of the LASSI-L for Diagnosing Mild Cognitive Impairment and Alzheimer's Disease. 2017 , 56, 733-742	27
146	Cognitive trajectories over 4 years among HIV-infected women with optimal viral suppression. 2017 , 89, 1594-1603	56
145	Long-term heroin use was associated with the downregulation of systemic platelets, BDNF, and TGF- β , and it contributed to the disruption of executive function in Taiwanese Han Chinese. 2017 , 179, 139-145	10
144	Effort and neuropsychological performance in HIV-infected individuals on stable combination antiretroviral therapy. 2017 , 23, 725-733	8
143	Neurocognitive functioning among HIV-positive adults in southern India. 2017 , 23, 750-755	5
142	Higher Cystatin C Levels Are Associated With Neurocognitive Impairment in Older HIV+ Adults. 2017 , 74, 243-249	5
141	Food Insecurity Is Associated with Cognitive Deficits Among HIV-Positive, But Not HIV-Negative, Individuals in a United States Sample. 2017 , 21, 783-791	4
140	Diagnostic mistakes of culturally diverse individuals when using North American neuropsychological tests. 2017 , 24, 16-22	37
139	Evaluating the accuracy of self-report for the diagnosis of HIV-associated neurocognitive disorder (HAND): defining "symptomatic" versus "asymptomatic" HAND. 2017 , 23, 67-78	23
