List of articles citing

Extrapulmonary comorbidities in chronic obstructive pulmonary disease: state of the art

DOI: 10.1586/ers.11.62

Expert Review of Respiratory Medicine, 2011, 5, 647-62.

Source: <https://exaly.com/paper-pdf/52129055/citation-report.pdf>

Version: 2024-04-28

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.
