

CITATION REPORT

List of articles citing

Diesel exhaust activates and primes microglia: air pollution, neuroinflammation, and regulation of dopaminergic neurotoxicity

DOI: 10.1289/ehp.1002986

Environmental Health Perspectives, 2011, 119, 1149-55.

Source: <https://exaly.com/paper-pdf/52151817/citation-report.pdf>

Version: 2024-04-28

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.
