

CITATION REPORT

List of articles citing

The Global Lung Initiative 2012 reference values reflect contemporary Australasian spirometry

DOI: 10.1111/j.1440-1843.2012.02232.x
Respirology, 2012, 17, 1150-1.

Version: 2024-04-28

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.

#	Paper	IF	Citations
83	Year in review 2012: acute lung injury, interstitial lung diseases, sleep and physiology. <i>Respirology</i> , 2013 , 18, 555-64	3.6	8
82	The recent multi-ethnic global lung initiative 2012 (GLI2012) reference values don't reflect contemporary adult's North African spirometry. <i>Respiratory Medicine</i> , 2013 , 107, 2000-8	4.6	61
81	Applicability of the global lung function spirometry equations in contemporary multiethnic children. <i>American Journal of Respiratory and Critical Care Medicine</i> , 2013 , 188, 515-6	10.2	26
80	Effects of adopting the new global lung function initiative 2012 reference equations on the interpretation of spirometry. <i>Respiration</i> , 2013 , 86, 183-9	3.7	29
79	Vitamin D deficiency at 16 to 20 weeks gestation is associated with impaired lung function and asthma at 6 years of age. <i>Annals of the American Thoracic Society</i> , 2014 , 11, 571-7	4.7	87
78	Estimating population prevalence of potential airflow obstruction using different spirometric criteria: a pooled cross-sectional analysis of persons aged 40-95 years in England and Wales. <i>BMJ Open</i> , 2014 , 4, e005685	3	12
77	Interpretative consequences of adopting the Global Lungs 2012 reference equations for spirometry for children and adolescents. <i>Pediatric Pulmonology</i> , 2014 , 49, 118-25	3.5	38
76	Lung function testing in children: importance of race and ethnic-specific reference equations. <i>Expert Review of Respiratory Medicine</i> , 2014 , 8, 527-31	3.8	7
