

CITATION REPORT

List of articles citing

Upper limb ischemic preconditioning prevents recurrent stroke in intracranial arterial stenosis

DOI: 10.1212/wnl.ob013e318271f76a
Neurology, 2012, 79, 1853-61.

Version: 2024-04-29

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.
