

CITATION REPORT

List of articles citing

Resolution of high uterine artery pulsatility index and notching following sildenafil citrate treatment in a growth-restricted pregnancy

DOI: 10.1002/uog.11142

Ultrasound in Obstetrics and Gynecology, 2012, 40, 609-10.

Version: 2024-04-26

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.
