

CITATION REPORT

List of articles citing

Minimally invasive system for baroreflex activation therapy chronically lowers blood pressure with pacemaker-like safety profile: results from the Barostim neo trial

DOI: 10.1016/j.jash.2012.04.004

Journal of the American Society of Hypertension, 2012, 6, 270-6.

Source: <https://exaly.com/paper-pdf/53251741/citation-report.pdf>

Version: 2024-04-19

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.
