

CITATION REPORT

List of articles citing

Sildenafil, a phosphodiesterase type 5 inhibitor, enhances the activity of two atypical antidepressant drugs, mianserin and tianeptine, in the forced swim test in mice

DOI: 10.1016/j.pnpbp.2012.02.013

Progress in Neuro-Psychopharmacology and Biological Psychiatry, 2012, 38, 121-6.

Version: 2024-04-20

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.
