

CITATION REPORT

List of articles citing

Recommendations for the nomenclature of
IgG4-related disease and its individual organ system manifes

DOI: 10.1002/art.34593

Arthritis and Rheumatism, 2012, 64, 3061-7.

Version: 2024-04-24

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.
