

CITATION REPORT

List of articles citing

Improvement of thermal stability, rheological and mechanical properties of PLA, PBAT and their blends by reactive extrusion with functionalized epoxy

DOI: 10.1016/j.polymdegradstab.2012.06.028

Polymer Degradation and Stability, 2012, 97, 1898-1914.

Version: 2024-04-28

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.
