

CITATION REPORT

List of articles citing

Tuning Magnetism and Electronic Phase Transitions by Strain and Electric Field in Zigzag MoS₂ Nanoribbons

DOI: 10.1021/jz301339e

Journal of Physical Chemistry Letters, 2012, 3, 2934-41.

Source: <https://exaly.com/paper-pdf/53900706/citation-report.pdf>

Version: 2024-04-25

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.
