

CITATION REPORT

List of articles citing

Polyphenol-rich foods in the Mediterranean diet are associated with better cognitive function in elderly subjects at high cardiovascular risk

DOI: 10.3233/jad-2012-111799

Journal of Alzheimer's Disease, 2012, 29, 773-82.

Source: <https://exaly.com/paper-pdf/53982437/citation-report.pdf>

Version: 2024-04-10

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.
