

CITATION REPORT

List of articles citing

Complex modulation of the *Aedes aegypti* transcriptome in response to dengue virus infection

DOI: 10.1371/journal.pone.0050512
PLoS ONE, 2012, 7, e50512.

Source: <https://exaly.com/paper-pdf/54060054/citation-report.pdf>

Version: 2024-04-28

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.
