Version: 2024-04-27

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.

#	Paper	IF	Citations
2255	Fat free mass explains the relationship between stunting and energy expenditure in urban Mexican Maya children. 2012 , 39, 432-9		23
2254	Obesity Among Nigerian Female Librarians. 2012 , 12, 327-335		
2253	Recommendations for healthier hydration: addressing the public health issues of obesity and type 2 diabetes. 2012 , 2, 115-24		9
2252	Global dietary patterns and diets in childhood: implications for health outcomes. 2012 , 61 Suppl 1, 29-37		32
2251	Auricular Acupressure Plus Exercise for Treating Primary Obese Women: A Randomized Controlled Clinical Trial. 2012 , 24, 227-232		9
2250	Changes in dietary habits after migration and consequences for health: a focus on South Asians in Europe. 2012 , 56,		113
2249	Obesity, hypertension, and cardiovascular health: is there anything poor Cassandra tries to tell us?. 2012 , 30, 1103-5		7
2248	Linking agriculture and health in low- and middle-income countries: an interdisciplinary research agenda. 2012 , 71, 222-8		37
2247	Challenges in ameliorating hunger while preventing obesity. 2012 , 380, 787-9		6
2246	The obstetric dilemma: an ancient game of Russian roulette, or a variable dilemma sensitive to ecology?. 2012 , 149 Suppl 55, 40-71		139
2245	Obesity prevention and intervention in dental practice. 2012 , 56, 831-46		8
2244	Gene-Diet Interactions in Complex Disease: Current Findings and Relevance for Public Health. 2012 , 1, 222-227		28
2243	Stress and diabetes in socioeconomic context: a qualitative study of urban Indians. 2012 , 75, 2522-9		49
2242	Long term effects of pre- and early postnatal nutrition and environment on the gut. 2012 , 90 Suppl 4, 421-9		42
2241	A symposium and workshop report from the Global Nutrition and Epidemiologic Transition Initiative: nutrition transition and the global burden of type 2 diabetes. 2012 , 108, 1325-35		24
2240	Melanin concentrating hormone receptor 1 (MCHR1) antagonists-Still a viable approach for obesity treatment?. 2012 , 22, 6039-47		35
2239	Lifestyles and consumption in cities and the links with health and well-being: the case of obesity. 2012 , 4, 405-413		8

2238	Emergence of Diet-Related Chronic Diseases in Developing Countries. 2012 , 1151-1164	1
2237	Growth in transitional countries: the long-term impact of under-nutrition on health. 2012 , 39, 395-401	10
2236	Diabetes prevention: global health policy and perspectives from the ground. 2012 , 2, 309-321	33
2235	Medical students' attitudes towards overweight and obesity. 2012 , 7, e48113	34
2234	Behavioral determinants of obesity: research findings and policy implications. 2012 , 2012, 150732	22
2233	Fruits and vegetables consumption and associated factors among in-school adolescents in five Southeast Asian countries. 2012 , 9, 3575-87	44
2232	The effects of obesity on venous thromboembolism: A review. 2012 , 2, 499-509	77
2231	Time use and physical activity: a shift away from movement across the globe. 2012 , 13, 659-80	519
2230	The expanding burden of cardiometabolic risk in China: the China Health and Nutrition Survey. 2012 , 13, 810-21	165
2229	Behavior and weight correlates of weight-control efforts in Australian women living in disadvantage: The READI study. 2013 , 10, 52	5
2228	Consumption and acceptability of whole grain staples for lowering markers of diabetes risk among overweight and obese Tanzanian adults. 2013 , 9, 26	16
2227	Cachexia as a major public health problem: frequent, costly, and deadly. 2013 , 4, 173-8	88
2226	Physical Activity and Development and Obesity. 2013 , 2, 261-266	4
2225	Prevalence of obesity among Inuit in Greenland and temporal trend by social position. 2013 , 25, 335-40	20
2224	School-based programs aimed at the prevention and treatment of obesity: evidence-based interventions for youth in Latin America. 2013 , 83, 668-77	31
2223	Acculturation and obesity among migrant populations in high income countries--a systematic review. 2013 , 13, 458	189
2222	Prevalence and complications of diabetes mellitus in Northern Africa, a systematic review. 2013 , 13, 387	77
2221	The double task of preventing malnutrition and overweight: a quasi-experimental community-based trial. 2013 , 13, 212	20

2220	Beverage consumption and individual-level associations in South Korea. 2013 , 13, 195	27
2219	Double burden: a cross-sectional survey assessing factors associated with underweight and overweight status in Danang, Vietnam. 2013 , 13, 35	12
2218	Obesity & hypertension are determinants of poor hemodynamic control during total joint arthroplasty: a retrospective review. 2013 , 14, 20	9
2217	Non-alcoholic fatty liver disease-related hepatocellular carcinoma: a sleeping tiger in the Asia Pacific. 2013 , 7 Suppl 2, 823-32	6
2216	Longevity in the red flour beetle <i>Tribolium castaneum</i> is enhanced by broccoli and depends on nrf-2, jnk-1 and foxo-1 homologous genes. 2013 , 8, 439-48	17
2215	Biofortification of mungbean (<i>Vigna radiata</i>) as a whole food to enhance human health. 2013 , 93, 1805-13	95
2214	Development and validation of bioelectrical impedance analysis equations for predicting total body water and fat-free mass in North-African adults. 2013 , 67, 1081-6	16
2213	Polymorphisms of matrix metalloproteinase gene and adiposity indices in European children: results of the IDEFICS study. 2013 , 37, 1539-44	5
2212	Eating up the world's food web and the human trophic level. 2013 , 110, 20617-20	84
2211	Precursors to overnutrition: the effects of household market food expenditures on measures of body composition among Tsimane' adults in lowland Bolivia. 2013 , 92, 53-60	30
2210	Validity of self-measured waist and hip circumferences: results from a community study in Malaysia. 2013 , 12, 135	10
2209	Education is associated with lower levels of abdominal obesity in women with a non-agricultural occupation: an interaction study using China's Four Provinces survey. 2013 , 13, 769	13
2208	Prevalence of depression and associated risk factors among persons with type-2 diabetes mellitus without a prior psychiatric history: a cross-sectional study in clinical settings in urban Nepal. 2013 , 13, 309	40
2207	Emerging aspects of food and nutrition on gut microbiota. 2013 , 61, 9559-74	36
2206	Developing 'integrative' zebrafish models of behavioral and metabolic disorders. 2013 , 256, 172-87	43
