

CITATION REPORT

List of articles citing

Determination of atomoxetine and its metabolites in conventional and non-conventional biological matrices by liquid chromatography-tandem mass spectrometry

DOI: 10.1016/j.jpba.2011.11.009

Journal of Pharmaceutical and Biomedical Analysis,
2012, 60, 26-31.

Version: 2024-04-26

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.
