

CITATION REPORT

List of articles citing

Transarterial hepatic yttrium-90 radioembolization in patients with unresectable intrahepatic cholangiocarcinoma: factors associated with prolonged survival

DOI: 10.1007/s00270-011-0142-x

CardioVascular and Interventional Radiology, 2012, 35, 105-112

Source: <https://exaly.com/paper-pdf/54718973/citation-report.pdf>

Version: 2024-04-28

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.
