

Reassessing the HAROLD model: Is the hemispheric asymmetry a special case of compensatory-related utilisation of neural resources?

Experimental Brain Research

224, 393-410

DOI: [10.1007/s00221-012-3319-x](https://doi.org/10.1007/s00221-012-3319-x)
