

CITATION REPORT

List of articles citing

Added value of umbilical vein flow as a predictor of perinatal outcome in term small-for-gestational-age fetuses

DOI: 10.1002/uog.12380
Ultrasound in Obstetrics and Gynecology, 2013, 42, 189-95.

Version: 2024-04-10

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.
The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.
