

CITATION REPORT

List of articles citing

Enhancement of Red Persistent Luminescence in Cr³⁺-Doped ZnGa₂O₄ Phosphors by Bi₂O₃ Codoping

DOI: 10.7567/apex.6.052602

Applied Physics Express, 2013, 6, 052602.

Source: <https://exaly.com/paper-pdf/55041024/citation-report.pdf>

Version: 2024-04-09

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.
