

# CITATION REPORT

List of articles citing

Cause-specific life expectancies after 35 years of age for human immunodeficiency syndrome-infected and human immunodeficiency syndrome-negative individuals followed simultaneously in long-term cohort studies, 1984-2008

DOI: 10.1093/aje/kws321

American Journal of Epidemiology, 2013, 177, 116-25.

**Source:** <https://exaly.com/paper-pdf/55077968/citation-report.pdf>

**Version:** 2024-04-27

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.
