

CITATION REPORT

List of articles citing

Novel metal(II) arene 2-pyridinecarbothioamides: a rationale to orally active organometallic anticancer agents

DOI: 10.1039/c3sc22294b
Chemical Science, 2013, 4, 1837.

Source: <https://exaly.com/paper-pdf/55471840/citation-report.pdf>

Version: 2024-04-28

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.
